Dear Sir or Madam:

Re: Docket #98N-1038

I am in favor of retaining the use of the word "irradiated" and the radura symbol on food that has been so treated. The terms "cold pasteurization" and "electronic pasteurization" are misleading and should not be used. It is important as consumers that we know what has been done to our food so that we can make informed choices.

Please keep these regulations intact indefinitely.

Thank you,

Gregory C. Freeman
